Letter of Recommendation

To Whom It May Concern,

I am writing to recommend Brian Howard and his company Gordon Contracting for additional construction services with future prospective clients. I have had the pleasure of working directly with Mr. Howard on a number of projects in the past and most recently at the Charlestown Naval Shipyard located in Charlestown, Massachusetts. The scope of work for this project involves the reconstruction of the existing Dry Dock No. 1 for future occupancy of the U.S.S. Constitution. Gordon Contracting scope of work involves miscellaneous metals works, carpentry and general labor.

Gordon Contracting has illustrated their attention to detail, quality and safety on a number of occasions. It is the policy of this company to strive for the highest safety standards. Working safely requires a serious commitment by everyone within the organization including our subcontractors. Mr. Howard has met and exceeded our safety program.

Scheduling within the construction industry is typically an art form in itself and Mr. Howard has been able to effectively meet project schedule requirements. He and his crew have been able to quickly adapt to schedule changes from other subcontractors in order to keep his schedule on time and aligned with the overall project schedule. In addition, Gordon Contracting has been exceptionally accommodating when dealing with unforeseen conditions and potential change orders.

Please consider Gordon Contracting for your construction service needs. I recommend them and look forward to working with them again.

Marc Fyrberg
Project Manager
